- Badge tabs

County are also holding Virtual meetings now for each section if you are not able to share or have time to hold an online meeting with your girls.

Now, if we only have half the girls in each unit participating not to worry, as we do not know the home life and if they can use online platforms.

We also mentioned about carrying on with Guiding during the summer, maybe holding zoom meetings every other week, or just to continue to send out activities for them to complete. This is something that every unit can choose to participate in or not.

When we are given the green light to start holding meetings this will be given by CHQ and how those meetings will look. Unit size and social distancing rules.

We will draft a bright cheerful letter for every unit leader to post out the girls with the date and details of when and how we are starting back. To hopefully re inspire the girls if they have not participated over the summer.

Then I suggest we look after our girls make sure they have returned and all happy with carrying on before moving on to the next section.

All Gold Awards deadlines from the old programme have been extended and can be completed until 18<sup>th</sup> December 2020, so no girls will miss out on gaining their award.

We also talked about holding local back together events for the girls to participate in. To be decided.
